Summary

Results-oriented Frontend Developer with a strong foundation in JavaScript, React, and WordPress. Proven ability to deliver high-quality, responsive web applications with an emphasis on user experience. Proficient in the utilization of HTML5 and CSS to create visually appealing and intuitive interfaces. Detail-oriented with a focus on clean and maintainable code. Continuously expanding technical expertise with certifications in HTML5, CSS, CMS, and JavaScript from Bay Valley Tech. Adept at collaborating with cross-functional teams to translate business requirements into scalable and efficient solutions. Prioritizes user-centric design principles to create seamless and engaging web experiences. Excels in fast-paced environments and thrives on meeting project deadlines. Eager to contribute technical skills and creativity to a dynamic development team.
