

Christian Rodrigues

IT Support Specialist | Help Desk • Desktop Support • Mac and Endpoint Administration

Ripon, CA • crodbizz@gmail.com • chrisrodriguesportfolio.com • github.com/xowin

PROFESSIONAL SUMMARY

IT support specialist with an A.S. in Computer Networking and nearly three years at a multi-site nonprofit technology organization, promoted from intern to instructor to regional IT Specialist. Provide Tier I/II support for 80+ users on Windows and macOS, on site at two San Joaquin Valley locations and remotely for all others. Known for walking non-technical users through problems with patience.

TECHNICAL SKILLS

Help Desk and Support: Tier I/II technical support, ticketing systems, incident triage and escalation, remote support, troubleshooting, customer service, end-user training, onboarding and offboarding

Operating Systems and Platforms: Windows 10/11, macOS, Linux, iOS/iPadOS, Google Workspace administration, Microsoft 365, Apple Business Manager, Active Directory, Zoom

Hardware and Endpoints: Desktops, laptops, iPads, printers, peripherals, conferencing equipment; imaging, device provisioning and deployment, asset management and lifecycle tracking

Networking: TCP/IP, LAN/WLAN, DNS, DHCP, mesh Wi-Fi deployment, SSID configuration, ISP gateway troubleshooting

Development: JavaScript, TypeScript, React, Next.js, Node.js, Python, SQL, MongoDB, Firebase, REST APIs, Git, WordPress

PROFESSIONAL EXPERIENCE

IT Specialist | Digital NEST, Stockton, CA

Aug 2026 – Present

- Resolve Tier I/II hardware, software, network, and account issues for 80+ users, closing 45 tickets per week, as the primary on-site technician for the Stockton and Modesto sites and remote support for all other locations.
- Traced recurring admin-credential prompts that blocked app updates on 80+ Macs and proposed a low-cost MDM rollout to the IT Manager by auditing the Apple Business Manager setup and comparing vendors on cost and features.
- Maintain accurate records for 187 devices across sites by logging every deployment, check-out, repair, transfer, and retirement and by running staff onboarding and offboarding.
- Reduced repeat support requests by 45% by writing 5 knowledge-base articles and user guides and training staff on IT tools, policies, and best practices.

Software Developer Instructor | Digital NEST, Stockton, CA

Sep 2024 – Aug 2026

- Kept all 15 lab computers working for 3 classes a week, with no lost class time, by fixing hardware and software issues on the spot and running preventive maintenance.
- Taught software development (JavaScript, React, WordPress, Git) to 10 members aged 14–24 and guided student teams through shipping a full-stack ticketing app (NestQueue) with pull requests and code review on GitHub.

Web Developer Intern | Digital NEST, Modesto, CA

Dec 2023 – Aug 2024

- Supported IT asset tracking and license compliance by maintaining hardware and software inventory records.

Software Development Intern | Bay Valley Tech, Modesto, CA

Nov 2023 – Jun 2024

- Helped ship a real-time communication system with user authentication in Agile sprints with a cross-functional team.

PROJECTS

NestQueue: In-House Ticket Management System | github.com/digitalnest-wit/nestqueue

Jul 2025 – Apr 2026

- Led development as top contributor (26 of 50 commits) of Digital NEST's ticket management system, built with Next.js, React, TypeScript, Tailwind CSS, MongoDB, and Firebase Authentication and deployed on Vercel.
- Gave every ticket a full support record (reported problem, root cause, fix, verification) by designing the v2 workflow: a triage dashboard, a filterable queue, six statuses from New to Closed, escalation flags, and activity logs.

Wi-Fi Deployment and Troubleshooting | Digital NEST, Stockton and Modesto Centers

2026

- Delivered building-wide Wi-Fi at the Stockton center by deploying a Netgear Orbi mesh network.
- Diagnosed unstable Wi-Fi for about 30 staff and members at the Modesto center and recommended a mesh upgrade by testing a range extender and the building's wall ethernet ports against a gateway that could not be relocated.

EDUCATION AND CERTIFICATIONS

A.S., Computer Networking | Modesto Junior College

May 2025

CompTIA A+ | In progress

Expected Nov 2026

Web Development Certificate | Bay Valley Tech Academy (HTML/CSS, JavaScript, MySQL, Node.js, CMS)

2023
